*RE: In the Matter of Applications of AT&T Inc. and Deutsche Telekom AG for Consent to Assign or Transfer
Control of Licenses and Authorizations (WT Docket No. 11-65)*

Dear Chairman Genachowski and Commissioners:

Since 1934, Teamsters Local 633 has been representing the interests of hardworking Americans. Our over 4,000 members work in New Hampshire and throughout New England for various employers. They are engaged in a wide range of occupations, including power plants, municipalities, public works, pipeline construction, and warehousing.

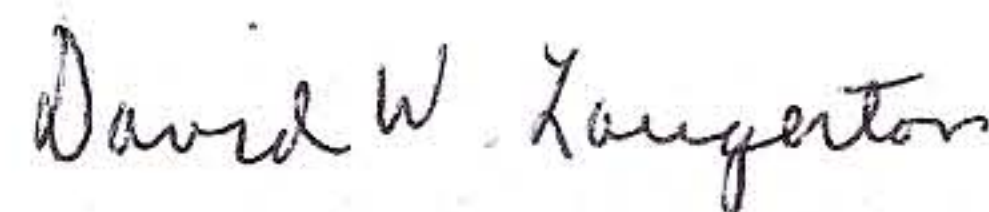

Teamsters Local 633 actively supports a Federal and State legislative and regulatory agenda that promotes the issues of importance to New Hampshire's working families, including promotion of labor standards and employment and training, among other areas. We dedicate our efforts to advocate policies that benefit, not undermine the American worker.

We believe that the proposed merger of T-Mobile and AT&T is a win-win for American labor and business. If the merger is approved, our economy will get a boost from the investment necessary for a modernized broadband infrastructure and set the groundwork for new jobs that this investment will foster.

Furthermore, because AT&T allows workers to decide whether or not to be union-represented, T-Mobile workers stand to benefit from the opportunity to obtain the same protections and bargaining power which is currently afforded to the 42,000 unionized wireless workers at AT&T.

For these reasons, we urge your support of this important initiative.

Sincerely,

David Laughton
Secretary-Treasurer
